Few people give enough thought to the earning capacity of a dollar. When you look at a dollar, do not think of how much it will buy, but

HOW MUCH IT WILL EARN.

When you find yourself thinking of your dollars in this way, you are starting on the only straight and sure road to wealth. Idle dollars are of no more use to the world than idle men. Every dollar you make over the cost of actual necessities should be immediately placed under the safeguard of a strong bank and kept busily at work earning other dollars for you. We pay four per cent interest on savings accounts and figure the interest every six months.

WHO HAS LOST HIS FALSE TEETH?

Home Rulers Lose a Set of False Teeth as a Result of Hot Air.--Anegawa in Kahului.

GRAND JURY REPORT BEST ON RECORD.

Grand Jury Pays High Compliment to County Officials.—Acts of Local Officials Do Not Call for Investigation or Criticism.

WAS IT KALUA?

Those who attended the Home Rule meeting on Market street last Saturday evening in the hope of hearing hot air and being generally entertained were not disappointed. John W. Kalua, the Home Rule candidate for County Sheriff who was bounced from the office of Circuit Judge fairly ranted and raved and filled the air with invectives against certain persons who are working for his defeat in November. In the midst of one of his outbursts some Hawaiians called out "E Kalua, ai paakai oe" which so infuriated the speaker that he gave vent to more slum expressions than have been heard in Wailuku for a long time. He was followed by Nawahine, the embezzler of Post Office Funds at Waihee who now seeks legislative honors and was found to be a close second to Kalua in the art of personalities. He spoke for some time to a rapidly diminishing audience. Both speakers as well as Kekipi proved to be more entertaining than convincing and judging from the manner in which they were received they will wait a long time before elected to the offices they seek. The next morning after the meeting Kum Chong, a Chinese interpreter found a plate of false teeth lying on the street near the place where the Home Rulers spoke and failing to find the owner posted up the following notice which has afforded no end of amusement to passersby:

Dr. John Weddick.

WHO LOST HIS TEETH?

Wailuku, Maui, October 7th, 1906. I have seen a man Found a Set of Teeth belong to the lower part of the mouth three three teeth on the Robber Plate is Goodyet and who have lost it go and ask Kum Chong.

Chinese Interpreter,
(Signed) KUM CHONG,
Or Cal. (California) Johny.

Now we do not know whether Kalua has false teeth but we are sure that if he had last Saturday night and hot air would remove them he would have gone home minus the entire set.

JAPANESE RECEIVE ANEGAWA.

The training ship Anegawa was expected to arrive in Kahului on Thursday and about two thousand natives of the flowery kingdom assembled there to show their patriotism toward their Government. They had prepared a grand reception to the officers in the new warehouse of the Kahului Rail Road Company. After arriving in town they learned that the ship would not arrive until the following day and were greatly disappointed. They had been to a great expense and pains to spread a luncheon for all of their friends including many white people but were compelled to postpone the luncheon until the following day.

The various plantations had fitted up many cars for the accommodation of the Japanese and hundreds took advantage of this and come in their best attire.

On Friday morning they returned and awaited the arrival of their ship. She came in the harbor at 10:30 and was received with many a Ban Zai from the little people of the flowery kingdom.

FINAL REPORT OF THE GRAND JURY.

To the Honorable A. N. Kepoi-kai, Judge of the Circuit Court of the Second Judicial Circuit, Territory of Hawaii.

We, the Grand Jurors sitting at the October A. D. 1906 term of your Honorable Court, held at Lahaina, County of Maui, herewith beg leave to submit our final report, and in this behalf respectfully represent.

But one presentment has been submitted to the Grand Jury, that of the Territory of Hawaii vs. Timoteo Elronde, charged with mayhem.

No true bill was found.

The County of Maui may well be proud of her record during the past four months as a law abiding community, and the citizens of Maui County are to be congratulated in not having the criminal records of their Courts bear witness to even a single offense of a serious character.

No complaints concerning the competency, efficiency or honesty of any public official, or concerning irregularities in any department of Government, have come to the notice of this Jury, and we are aware of no conditions in our public life that call for either investigation or criticism.

We respectfully ask that our clerk be allowed the sum of \$5.00 per day for the time the Grand Jury has been in session.

MONGOLIA'S ARRIVAL IS GOOD NEWS.

Honolulu, Oct. 9.—The news of the safe arrival of the S. S. Mongolia in San Francisco today was welcome news to the local agents as well as to the community generally. While the damage to the Mongolia was not of so serious a character as to make her trip a dangerous one, nevertheless a vessel in mid-ocean leaking at the rate of a foot of water an hour is not a pleasant thing to contemplate. The vessel left here September 30 and made the run in a little less than nine days. This was the time that Chief Engineer Chisholm expected to make the run. She had no convey.

The Alameda is due in San Francisco today from Honolulu, having sailed three days later than the Mongolia.

SINGER SEWING MACHINES

Cannot be obtained through merchandise dealers. They are delivered directly from maker to user only through the Company's own employees. There is as great a difference in the cost of making sewing machines as there is in making watches. A cheap watch will indicate time with fair accuracy for a short time. Fairly good stitching can be done on some of the old patterns of cheap sewing machines when they are new, but they always work hard, are noisy and soon wear out. Every SINGER MACHINE is tested by actual sewing at the factory. It is always ready for every kind of stitching and will do better work and do it longer than any other because it is of better design and construction. A Postal Card to
